# Docent

## BREWING

### SAN JUAN CAPISTRANO'S PUBLIC HOUSE

#### CRAFTSMANSHIP

One of the best things in life is being able to love what you do and inspire others. It means finding your passion, learning that skill, mastering the trade, and teaching others. A craftsman honors creativity and quality above all else and wants to share their experience.

At Docent Brewing, craftsmanship influences every aspect of our operation. We go through each process with care, from building the space ourselves to brewing the beer and serving it with our own hands.

#### COMMUNITY

As San Juan Capistrano's first brewery and public house, we're on a mission. Our providential calling? To be your knowledgeable beer guides, surrounded by the people we're honored to call friends and family. We knew we had a responsibility to give the community more than just a meeting place. We wanted our neighbors to have a home away from home.

Docent Brewing is your basecamp—a spot for your best memories and feats, fostered around independently brewed beers, distinctive eats, and familiar faces.

#### INDEPENDENCE

We've always done what makes the most sense to us, and our approach to beer is no different. We thoughtfully craft all kinds of beers to serve our diverse family of friends and regulars, but you can bet your bottom dollar that we'll have our personal favorites, like IPAs and imperial stouts.

By pouring our aspirations, inspirations, and experiences into Docent Brewing, we've found that our customers are just as passionate and free-spirited as we are. Here, you'll find like-minded people who just want to have a good beer and get lost in the moment.

---

**HAVE FUN. DRINK LOCAL. BE YOU. NO MATTER WHAT.**
